When you meet the candidate:

Explain to your local candidates why these issues are important to you and the people and communities where you work.

- Talk them through the Issues recommendations provided by Community Industry Group – what is the issue and how these would make a difference in your electorate
- Provide your candidates with a copy of the Community Industry Group Issues Papers
- If they need further info or you are not sure, please ask the candidate to contact us directly
- Ask your local candidates to commit to supporting the campaign by:
- Get a photo of yourself and your candidates with a copy of the Community Industry Group Issues Papers. (Don't forget to send it to us!)
- Speaking with local media about how these policy changes would make a real difference for the people in your community
- Posting on their Social media platforms
- Advocate for the Government to adopt the recommendations
